LIAE's key health programming areas include:

- Health Education
- Maternal and Child Health
- Clinical Services Provision
- Structural Support
- Nutrition
- HIV/AIDS

Education and Skills Development Program is at the heart of LIAE's mission, and focuses on the following:

- Creating Access to Education
- Improving Quality of Education Services
- Increasing Education Efficiency, and
- Ensuring Equity

So far LIAE, as part of the program, has helped over 20,000 families with schools. It has also built more than 20 schools in the remote villages and provided student support.
